

MANAGER REPORT 2021 JULY

- FLY-IN Cancelled due to Covid case increase on the island. I am sure we will still have weekend campers as usual.
- 100LL Fuel has been an issue. I ordered early but it is still in high demand, so it is interrupting our delivery. We will most likely be out of fuel for a few days before delivery 8-6-21
- The new cameras are almost all on WSDOT aviation website. Several are but it has been a challenge for them.
- FAA has recently stated below, when questioned about enplanements for 2021. "legislation was passed ((Division L, Title IV, section 422 of Consolidated Appropriations Act, 2021 available at <https://www.faa.gov/airports/crrsaa/>) allowing airports to receive passenger entitlements in fiscal years 2022 and 2023 based on either calendar year 2018 or 2019 enplanements, whichever is higher. As a result, it appears likely that ORS will qualify for passenger entitlements in FY2022."

We had over 10,000 for 2018 so we will get \$1M in funding for both years!

- Jeannie will be on vacation August 13-20th
- Annual Review needed for Jeannie during August Meeting.
- The fly-in will happen this year August 6th and 7th.

CARES REIMBURSEMENTS TO DATE

GRANT AMOUNT AWARDED \$1,041,561.00

\$206,038.56-Completed

\$52,722.10 Q1 2021 -Completed

\$175,245.60 Q2 2021 Completed (INCLUDED 3 ORDERS OF FUEL)

Remaining balance \$607,504.74

ACRGP-CRRAA REIMBURSEMENT

GRANT AMOUNT AWARDED FOR \$13,000 (This grant can be used for any expenses like CARES)

\$4240.76 Completed

Remaining Balance \$ 8759.24

FACILITY REPORT

- Credit card fuel pump machine install week of 7-26-21
- Pending quote on large grass mower needed
- Quote for new fencing is \$49,608. We would need 700 LF of fence installed. As you are all aware, deer inside the airport is a safety hazard.

POSSIBLE LAND PURCHASE VIERTHALER

- I have not heard from FAA if they have made their decision with purchase.

PAPI DESIGN AND CONSTRUCTION AND MOS

- We are currently in the reconciling phase of data between the survey team that came to the airport, and the aerial flight that has already happened.

OLD BUSINESS

- The airport has a list of 24 hanger requests, and we have had a request to start building more hangers. The FAA has asked us to order an Environmental Assessment on the SE corner (old dog park area) in 2022.
UPDATE-The FAA will be joining in on the July meeting to discuss other options of a new study for West side construction as this will help the Port with the list of people waiting for hangers.

NEW BUISNESS

- Hangers camping policy. Due to complaints brought up by hanger owners, I asked the FAA what the policy was on people staying in hangers. The Compliance Department wrote back and stated this was not allowed. My plans for enforcing the policy is to do hanger inspections after the busy Summer season slows down.

Pilot Economic Impact Study-Update
