

## MANAGER & FACILLITY REPORT 2022 JUNE

- 1. I've signed a contract with Wetland Resources Inc. to finish the remaining 8 years of monitoring and reporting
- 2. Turkey vultures are a big problem at the airport currently.
- 3. We had a bird strike 6-20-22. No one was injured and the airplane did not receive any damage. The pilot believes the turkey hit the front tire. The turkey did not survive the accident. The pilot noticed the turkey in the center of the runway just before landing so he turned right after the turkey started going left, however the turkey changed its mind and headed towards the plane. Pilot will file bird strike paperwork.
- 4. 2021 enplanements are now at 10,138
- 5. The fly-in will be August 5-7 and the fire department will be serving breakfast.
- 6. The biplane rides are back for the Summer usually on weekends.
- 7. Young Eagle flights were cancelled again this year.
- 8. Airlift NW is based at Orcas airport this Summer every Tuesday and Saturday. This will allow for faster response times for all the islands. This does not mean they are the only responders for an Orcas medivac, so it is good to have memberships for Island Air Ambulance and Life Flight as well.

# **On Going Projects**
