GENERAL AVIATION OPERATIONS:
TARIFF SCHEDULE - AO-AAPP **No. 7**

THROUGH-THE-FENCE FEE

Authority: Resolution: #11-25-24 Effective Date: January 1, 2025
Replaces: Tariff #7 Issued: November 25, 2024

Every adjacent private property lot from which an aircraft accesses the runway at Orcas Island Airport is subject to an annual through-the-fence user fee ("TTF Fee") of \$300, to be paid by the lot owner(s). Each such lot shall be subject to only one TTF Fee annually, regardless of the number of aircraft accessing the runway from that lot.

The TTF Fee shall be subject to annual adjustment on the first (1st) day of the month of January 1, 2026 and each year thereafter (each an "Annual Adjustment Date") during the period this *Through-The-Fence Fee Tariff* is in effect by using the percentage change over the previous twelve (12)-month period in the Consumer Price Index ("CPI") for all Urban Consumers published by the United States Department of Labor Bureau of Labor Statistics for the Seattle-Tacoma-Bellevue Metropolitan area. The percentage change from the earlier index to the later index shall be multiplied by the TTF Fee amount on each Annual Adjustment Date, with the result added to the prior year's TTF Fee amount to arrive at the adjusted TTF Fee rate, which will apply until the next Annual Adjustment Date, except in no event shall the TTF Fee rate be less than the immediately preceding year's TTF Fee.

Each aircraft that accesses the runway at Orcas Island Airport from adjacent private property must abide by the current revision of the applicable Port of Orcas Minimum Standards, and such rules and regulations as may be adopted.
